Show and Tell Activity

Dear Parents,

At GD Goenka, we believe every child has a voice, and we love providing them with opportunities to express themselves with confidence and joy! To nurture communication, creativity, and collaborative learning, we are organizing a **'Show and Tell' Activity** for students of **Nursery to UKG** on **Tuesday, 20th May, 2025**.

This special session will help children build vocabulary and boost their confidence and allow them to experience the joy of teamwork as they share and learn together in a supportive environment.

- **Bring your favourite fruit/vegetable from home (flash cards or raw)**, it could be any fruit like watermelon, mango etc or vegetable like lady finger, spinach etc.
- **Talk about it for 1 minute**, introduce the item, and explain why it is special.
- **Use props or simple costumes** to make their sharing even more exciting and engaging!

In the Spirit of Teamwork:

- Children will be grouped in small teams where they will take turns presenting their items and supporting their peers.
- Each team will work together to encourage, listen, and celebrate each other's presentations—building essential social and emotional skills.

Guidelines to Make It a Meaningful Experience:

- The item should be **safe, age-appropriate, and meaningful** to your child.
- **Encourage your child to practice** by sharing with family members.

We're excited to watch our young learners grow as confident communicators and caring team players. Thank you for your continued support!

Warm regards

Class Teacher
